

ACCESSNSM VGM LIVE AT HOME CREATE PARTNERSHIP

NASHVILLE, Tenn. (March 29, 2018) – [AccessNSM](#), a division of Complex Rehab Technology (CRT) Solutions provider, [National Seating & Mobility \(NSM\)](#), has joined the VGM Live at Home nationwide community of home accessibility providers and certified modification contractors. The new partnership will connect AccessNSM with VGM’s network of business tools and resources, as well as vendor programs from leading suppliers in the home accessibility industry.

“The new partnership with VGM is a natural fit for AccessNSM,” said Kalen McKenzie, vice president. “VGM has made great strides bringing the home access industry together, and we look forward to utilizing their resources in providing the best services and solutions for our clients.”

AccessNSM is a comprehensive resource for products supporting mobility and independence. From stair, wheelchair and vehicle lifts to ramps and bathroom accessories, AccessNSM offers a range of indoor and outdoor mobility and home access products through locations across the country staffed by home access solution specialists and experienced technicians. The company also provides expert in-home consultations.

“We are excited to welcome AccessNSM to the VGM Live at Home family,” said Jim Greatorex, vice president of VGM Live at Home, a division of VGM Group, Inc. “Blending their unique business model with our membership culture will enhance both entities as we build for the future.”

About AccessNSM

America’s fastest growing accessibility company, [AccessNSM](#) offers a full spectrum of accessibility products supporting mobility and independence with locations across the U.S., a flagship showroom and warehouse near Boston and several regional warehouses across the country.
