

NATIONAL SEATING & MOBILITY PARTNERS WITH BRAUNABILITY TO LAUNCH AUTOMOTIVE MOBILITY EDUCATION INITIATIVE

NASHVILLE, Tenn. (October 22, 2019) — National Seating & Mobility (NSM), the leading provider of complex rehabilitation, mobility and accessibility solutions, is partnering with BraunAbility, the world leader in wheelchair accessible vehicles (WAVs), to educate clients about the innovative automotive solutions driving independence for individuals with disabilities nationwide.

“NSM is always seeking partnerships and innovations designed to enhance the lives of our clients,” said Bill Mixon, NSM CEO. “BraunAbility shares both our mission of empowerment and a national footprint that allows us to introduce these resources to our clients across the country.”

The partnership launched earlier this month with the first installation of a BraunAbility developed kiosk in NSM’s Houston branch, in tandem with an in-branch employee training to familiarize NSM employees with BraunAbility’s automotive mobility solutions. The interactive kiosk is designed to educate NSM clients about accessible vehicle options and provide them the opportunity to connect with their local BraunAbility dealership for a thorough mobility consultation.

“Both NSM and BraunAbility are committed to empowering the lives of individuals with physical disabilities through mobility solutions,” said Staci Kroon, BraunAbility CEO. “This collaborative partnership allows us to educate more individuals about the automotive mobility options available to further their independence.”

Additional kiosks will be installed at other NSM branch locations in early November.

About National Seating & Mobility

National Seating & Mobility is North America’s premier mobility solutions provider with industry-leading experience in Complex Rehab Technology, Accessibility, and Services supporting independence for individuals with disabilities and profound healthcare challenges. Founded in 1992, the company has grown from five locations to a network of mobility solutions experts partnering with physicians, therapists and clients across the U.S. and Canada. National Seating & Mobility is the only national mobility solutions provider accredited by The Joint Commission for demonstrating quality and safe care. The Joint Commission accredits and certifies more than 21,000 health care organizations and programs in the United States.
