

## **NATIONAL SEATING & MOBILITY BOLSTERS ACCESS BUSINESS WITH NEW ACQUISITIONS**

NASHVILLE, Tenn. (December 11, 2019) — National Seating & Mobility (NSM), the leading provider of complex rehabilitation, mobility and accessibility solutions in the U.S. and Canada, is further expanding the company's home accessibility division with new locations in both St. Louis, Missouri, and Buffalo, New York. The pair of acquisitions broadens NSM's growing footprint.

"These new branches position us to bring NSM's full scope of solutions to more individuals who need them," said Bill Mixon, NSM CEO. "We're pleased to serve as a trusted resource for home accessibility needs in these two substantial markets."

NSM is acquiring Promise HomeWorks in St. Louis and Hart Medical Design in Buffalo. Both branches offer home accessibility products as well as home modification services.

In addition, NSM will welcome former owner of both acquired companies, Charlie Felker, to NSM's team. Felker, a West Point graduate and decorated combat veteran, will manage NSM's Veterans Affairs relationships. As director of business development for NSM's home accessibility division, Felker will also be responsible for supporting NSM's growth in new and existing accessibility markets.
