

NATIONAL SEATING & MOBILITY ANNOUNCES PARTNERSHIP WITH PARADIGM CATASTROPHIC CARE MANAGEMENT

NASHVILLE, Tenn. (July 10, 2020) — National Seating & Mobility (NSM), the premiere provider of complex rehabilitation, mobility and accessibility solutions in North America, has finalized a partnership with Paradigm Catastrophic Care Management, the industry leader in solving catastrophic and complex health care challenges for injured workers. The agreement confirms NSM as a Complex Rehab Technology (CRT) and Home Access national partner for Paradigm’s clinical operations, aligning both nationwide networks and broadening the mobility and access services available to injured workers and their families.

“Paradigm’s innovative approach, commitment to excellence and whole person care model aligns with NSM’s core values and operational priorities,” said Bill Mixon, Chief Executive Officer, NSM. “We are proud to work alongside this experienced company to provide custom solutions and life changing outcomes for the catastrophically injured workers they represent.”

Referrals from Paradigm’s network of nurse case managers will be routed through a centralized intake process by NSM’s workers’ compensation service team. Cases will be assigned to the most appropriate NSM branch in proximity to the client referral.

“Similar to the clinical expertise, care, and support that Paradigm has provided to injured workers and their families for nearly 30 years, National Seating & Mobility has a long history of providing unparalleled service to their clients,” said Kevin Turner, Chief Executive Officer of Paradigm’s Catastrophic Care Management division. “We look forward to our partnership with NSM to deliver personalized solutions to individuals with mobility challenges.”

About National Seating & Mobility

National Seating & Mobility is North America’s premier provider of customized mobility, home and vehicle accessibility, and full-service equipment maintenance and repair solutions supporting independence for individuals with mobility challenges. Founded in 1992, the company has grown from five locations providing complex rehabilitation technology to a comprehensive network of mobility and accessibility experts partnering with physicians, therapists and clients across the U.S. and Canada. National Seating & Mobility is the only national mobility solutions provider accredited by The Joint Commission for demonstrating quality and safe care. The Joint Commission accredits and certifies more than 21,000 health care organizations and programs in the United States.
