

## **NATIONAL SEATING & MOBILITY INTRODUCES NSM360 COMPLETE MOBILITY SOLUTIONS TO SHOWCASE EXPANDED SCOPE OF SERVICE OFFERINGS**

NASHVILLE, Tenn. (July 9, 2020) — National Seating & Mobility (NSM), the leading provider of mobility and accessibility solutions in North America, has added an additional branding component to spotlight the company's expanded service offerings. *NSM360: Complete Mobility Solutions*, exemplifies NSM's full scope of mobility, home and vehicle accessibility and service and repair solutions.

"For more than 25 years we have been known as the wheelchair experts," said Bill Mixon, NSM CEO. "However, we know mobility goes beyond the chair. NSM360 represents the full suite of solutions we provide to meet our client's mobility needs, from simple to complex. Whether the solution is customizing a power wheelchair, helping ensure independence and safety in the home, or servicing equipment— we want to help people move through life."

While NSM's primary business line remains complex rehabilitation technology, NSM360 represents the company's capabilities as a 360-degree complete mobility solutions expert. NSM360 reflects a holistic service approach that includes custom seating and mobility products and services, as well as expanded offerings such as home and vehicle accessibility products, home modification capabilities and maintenance and repair services.

This comprehensive approach allows NSM to assist clients in all aspects of their lives, while also opening up new avenues to service individuals who simply have a need and desire to age in place. This includes mobility solutions from scooters to sophisticated power chairs, access solutions from portable ramps to home modifications and services from regular maintenance to complicated repairs.

"As a result of the pandemic, it's more important than ever for high risk individuals with complex health conditions to minimize potential exposure through personal contact," added Mixon. "We are proud to be a trusted resource for all the solutions our clients need to live the independent lives they choose. Our clients can have peace of mind in working with the professionals they know who offer a variety of service delivery options to ensure their safety."

NSM recently announced the *Serving Safely* commitment representing the company's focus on business practices prioritizing health and safety. The multi-faceted commitment incorporates additional operational guidance into rigorous protocols already in place through NSM's accreditation by The Joint Commission.

### **About National Seating & Mobility**

National Seating & Mobility is North America's premier provider of customized mobility, home and vehicle accessibility, and full-service equipment maintenance and repair solutions supporting independence for individuals with mobility challenges. Founded in 1992, the company has grown from five locations providing complex rehabilitation therapy to a comprehensive network of mobility and accessibility experts partnering with physicians, therapists and clients across the U.S. and Canada. National Seating & Mobility is the only national mobility solutions provider accredited by The Joint Commission for demonstrating quality and safe care. The Joint Commission accredits and certifies more than 21,000 health care organizations and programs in the United States.
