Product Guide 2020

Live Freely

No one likes to consider whether mobility challenges might affect them later in life, but the good news is, you don't have to worry. National Seating & Mobility believes you deserve to continue living confidently and independently regardless of any issues that may arise in the future. We offer a variety of high quality devices that allow people of all ages to freely enjoy their day-to-day life and the home they love for years to come.

Stairlifts

It's your home; you should be able to easily access and enjoy every room in it, including the upper level. NSM stairlifts can be fitted to any existing staircase so you can move up and down your stairs with ease. From value to luxury options, each of our indoor and outdoor stairlifts are compact, ergonomically designed and made to last.

**rentals available*

A. Scalamobil

Lightweight, portable alternative to lifts

B. Bruno Elite Outdoor Straight

Same exceptional performance for exterior use

POWER WHEELCHAIRS

WHILL Power Wheelchair

The latest model of this low-profile, intelligent personal electronic vehicle brings a new level of freedom to wheelchair users of all ages, giving them access to more areas than ever before. The WHILL's omni wheel allows it to turn on a dime, even outdoors, and its adjustable arms glide out of the way for easy transfers. Its modern, sleek design eliminates unnecessary bulk, and its corresponding iPhone app adds another layer of convenience and function for any user.

WHEELCHAIR PLATFORM LIFTS

Wheelchair users don't have to sacrifice fully enjoying their home, even if a stairlift isn't ideal for their needs. Platform lifts allow users to simply access upper levels of their homes without having to transfer from their wheelchairs, providing a safe, economical and space-effective solution to a wide variety of access challenges.

**A. Bruno
Enclosed Lift**

Self-contained; lightweight; ideal for stages, porches or short distances

B. Passport Vertical Enclosed

Durable aluminum, lightest residential vertical platform lift

C. Sierra IL500

Inclined for indoor or outdoor stairs, hand-held control

D. VPL 3300

Compact design; ideal for schools, churches and businesses

**E. Residential
Vertical Platform**

Customizable, simple to operate, variety of residential uses

**E. Curved
Omega Incline**

Customizable; for curves, corners and sloped stairways; folds compactly

Learn More

No matter your current or future accessibility needs, NSM has a solution that will allow you to live freely in your home and life.

Additionally, NSM offers an option to rent some of our products! Ask your accessibility professional for more information during your free in-home consultation. We'd love to partner with you in enjoying the independence you deserve.

1

Give Us a Call

Our trusted advisors would love to talk to you about what you want life in your home and beyond to look like — and how NSM solutions can help you get there.

2
