

NATIONAL SEATING & MOBILITY BROADENS REACH IN INDIANA WITH ACQUISITION

NASHVILLE, Tenn. (January 15, 2020) — National Seating & Mobility (NSM), North America’s largest provider of comprehensive mobility solutions, is broadening the company’s reach in Indiana with the acquisition of Scooters N More in Valparaiso. The acquisition positions NSM to expand the provision of holistic mobility solutions throughout Northern Indiana and the Chicago metropolitan area.

“Our growing footprint supports our commitment to deliver 360-complete mobility solutions to more individuals who need them,” said Bill Mixon, NSM CEO. “We look forward to expanding the availability of innovative products, breakthrough technologies and best-in-class services supporting independence throughout Northern Indiana.”

Scooters N More, founded in 1998 by John Frantom, has been a leading provider of mobility and accessibility services in Indiana. As an approved mobility vendor with several VA facilities, the company has a proven track record of supporting the mobility needs of area veterans.

This acquisition also creates another opportunity to further enhance the NSM and The Home Depot independent living program as it continues to expand across the nation. Announced last fall, the exclusive partnership offers solutions to support The Home Depot customers looking to create a safer home environment.

About National Seating & Mobility

National Seating & Mobility is North America’s largest and only complete provider of customized mobility, home and vehicle accessibility, full-service equipment maintenance and repair solutions and medical supplies supporting clients across the U.S. and Canada. Founded in 1992, the company has grown from five locations providing complex rehabilitation technology to a comprehensive network of mobility and accessibility experts partnering with physicians, therapists and clients across the U.S. and Canada. National Seating & Mobility is the only national mobility solutions provider accredited by The Joint Commission for demonstrating quality and safe care. The Joint Commission accredits and certifies more than 21,000 health care organizations and programs in the United States.
