MOBILITY ACCESSIBILITY SERVICE

## NATIONAL SEATING & MOBILITY LAUNCHES LIFESTYLE MAGAZINE

NASHVILLE, Tenn. (May 25, 2021) — National Seating & Mobility (NSM), North America's largest provider of comprehensive mobility solutions, announces the launch of a new lifestyle magazine, *Let's Get Moving*.

"*Let's Get Moving* is a product of our company's commitment to our clients," said Bill Mixon, NSM CEO. "We want this magazine to be a celebration of our clients' vibrant lives and a way we can build and deepen our relationship with them. Our customers are at the core of everything we do, and this magazine is no different."

The premiere issue will be distributed through NSM's network of more than 180 locations across the U.S. and Canada. A digital version of the magazine will also be available. Focused on celebrating independence and elevating important topics that impact those using mobility equipment, the magazine will highlight the personal stories of NSM clients as well as accessibility issues and product trends. Readers can expect sections centered on travel and recreation, advocacy, industry news and more.

"In the debut issue and every issue that follows, we want to delve into stories and topics that engage and empower our clients," said Stephanie Buckley, vice president of marketing and editorial director for *Let's Get Moving*. "We want to keep our clients up-to-date on the latest information about mobility and accessibility while also sharing their stories of living life to the fullest."

NSM expects to release two issues of *Let's Get Moving* in 2021 and will measure the magazine's success as they explore content and frequency of future issues. The inaugural issue includes a cover story on world champion mountain bike racer Sean Simonson and delves into the topics of technology-driven care, alternate funding resources and more.
