NATIONAL SEATING & MOBILITY EXPANDS SERVICE PROVISION CAPABILITIES WITH ACQUISITION OF MARKET LEADER HEALTH AID OF OHIO

NASHVILLE, Tenn. (July 19, 2021) — National Seating & Mobility (NSM), North America’s largest provider of comprehensive mobility solutions, has acquired Health Aid of Ohio, a leader in the complex rehab technology (CRT) field in Northeast Ohio. The acquisition expands NSM’s service capabilities in the area.

Health Aid of Ohio was founded in Cleveland by Carol Gilligan-Chack, a RESNA certified assistive technology professional (ATP). Gilligan-Chack will join the NSM team after the transition.

“Since founding the company in 1984, Carol has been an outspoken advocate for the medically fragile community with state and federal policy makers,” said Bill Mixon, NSM CEO. “The NSM team is committed to advancing policy to support the communities we serve and both organizations also share the same cultural foundation of focusing on our employees and providing best in class service to our clients. We are excited to welcome Carol on board at NSM.”

Health Aid of Ohio has a longstanding commitment to veterans and has been serving the Veterans Administration for over 10 years. In partnership with the nonprofit organization Operation FINALLY HOME, NSM is proud to continue providing retrofitted mobility equipment for mortgage-free homes built for veterans, first responders and widows of the fallen.

NSM has secured five acquisitions this year to date that involve expanding NSM360 complete mobility and accessibility service solutions in New York, Massachusetts, Vermont, Georgia, Indiana, Illinois, Nevada, New Hampshire, Vermont, Maine and Ohio and adding 42 new employees to the NSM team.
