

NATIONAL SEATING & MOBILITY BROADENS REACH IN VIRGINIA

NASHVILLE, Tenn. (August 24, 2021) — National Seating & Mobility (NSM), North America’s largest provider of comprehensive mobility solutions, has broadened the company’s reach in Virginia with the acquisition of Trust Care Home Medical Equipment locations in Richmond and Roanoke. The acquisition positions NSM as the largest provider of complex rehabilitation technology (CRT) services in the state.

“Expanding our footprint allows us to serve more individuals in need of mobility and home accessibility services,” said Bill Mixon, NSM CEO. “We are proud to be the largest provider of these services in Virginia.”

Trust Care Home Medical Equipment was founded in 2006 by Mark Armstrong, who is retiring. Six assistive technology professionals will transition to the NSM team as a part of the acquisition.

NSM also continues to expand home accessibility offerings through the company’s exclusive home accessibility partnership with The Home Depot. Announced last fall, The Home Depot Independent Living program offers solutions to customers looking to create safer home environments.

NSM has secured eight acquisitions to date in 2021.

About National Seating & Mobility

For more than 25 years, National Seating & Mobility has been advancing independence and enhancing the quality of life of individuals with mobility challenges. With a network of more than 180 locations, experts and resources across the U.S. and in Canada, National Seating & Mobility is North America’s largest and most trusted provider of comprehensive mobility solutions including complex rehab technology, home and vehicle accessibility, and full-service equipment maintenance and repair. National Seating & Mobility is the only national mobility solutions provider accredited by The Joint Commission for demonstrating quality and safe care.
