## **NATIONAL SEATING & MOBILITY DEEPENS PRESENCE IN TEXAS, EXPANDS MOBILITY AND ACCESS SOLUTIONS WITH ACQUISITION**

NASHVILLE, Tenn. (Oct. 20, 2021) — National Seating & Mobility (NSM), North America's largest provider of comprehensive mobility solutions, has acquired Delta Accessibility, a leader in the Houston home accessibility market. The acquisition strengthens NSM's ability to provide holistic mobility solutions to more individuals in Texas.

"Delta Accessibility is known for excellence in home accessibility in and around Houston, and we are proud to build upon that foundation," said Bill Mixon, NSM CEO. "This acquisition reflects our commitment to ensure individuals have access to the widest range of mobility and home accessibility solutions available to achieve even greater levels of independence."

Founded in 2018 by Jesse Martin and Brandon Self, Delta Accessibility has built an outstanding reputation in the Houston region and specializes in the installation and servicing of vertical platform lifts, stair lifts and other home accessibility equipment. Both Martin and Self will join the NSM team and continue their work in the Houston market.

"Jesse and Brandon are key components of Delta Accessibility's success," Mixon said. "We're excited to work together to provide comprehensive mobility and accessibility solutions to our Houston-area clients."

In addition to broadening NSM's offerings in the region, the acquisition also further expands NSM's partnership with The Home Depot's Independent Living program in the country's fourth largest city. Announced last year, the program offers solutions to customers looking to make their homes safer. As NSM's eleventh acquisition so far this year, the move also expands NSM's growing national footprint.
